

## Discussion 1: Exporation of three different 3D worlds

---

Worlds:

### Part I: Rate the Experience

Order the three worlds A, B and C in each row, from the *most* to *least* in each category.

	Most		Least
Engaging			
Realistic			
Enjoyable			
Educational			
Artistic			
Easy to use			

### Part II: Answer Questions

Write your answers and your arguments on a separate sheet of paper.

- 1) What techniques are used to **draw you into** each world? Which techniques have to do with providing **spatial cues**?
- 2) How do you know **what you can do** once you step inside the world?
- 3) **How large** is each world? How do you know?
